Dear Stuart:

Our renovation is now complete and I want to thank you and your staff for helping to make it a huge success! From the on time completion of our beautiful duvets to the window treatments that were measured to perfection, everything turned out as it should for our Four Diamond Premiere Resort.

Your installation staff did what it takes when time is of the essence and guests are waiting to occupy a suite.

Thanks again for helping us be the best we can be!

Sincerely,

Jean Anne Frazier
